55 MW Coal fired Power Plant for sale:

Technical Details Steamturbine:

Manufacturer:	Siemens
Type:	Condensing Steamturbine
Year of Manufacturer:	1969 / Modification in 1995
Fuel:	Hard Coal
Power:	55 MW

Speed:	3.000 rpm
Live Steam Pressure:	197 bar
Live Steam Temp.:	525°C
Steam Flow:	190 t/h
Running Hours:	151.102
Condition:	Very good / Regularly Overhauled

Technical Details Generator:

Manufacturer:	Siemens
Year of Manufacturer:	1969
Power:	62,5 MVA
Voltage:	10,5 KV
Frequency:	50 Hz
Running Hours:	151.102
Condition:	Very good

Technihal Details Boiler:

Manufacturer:	EVT Germany
Type:	Forced Ciculation
Year of Manufacturer:	1969
Steam Flow:	190 t/h
Steam Pressure:	90 bar
Steam Temp.:	525°C
Running Hours:	152.700
Condition:	Very good / Modification in 1995 from low calorific value to high calorific value

Technihal Details Coal Mills:

Manufacturer: Lösche / Germany

Year of Manufacturer: 1995

Technichal Details Transformer:

Manufacturer: EBG / Germany

Year of Manufacturer: 1969

Running Hours: 151.102

Power: 60 MVA

Voltage: 125 kVA / 10,5 kVA

Scope of supply:

- Turbine
- Boiler
- Generator
- Feet Water Pumps
- Pumps and Valves
- Steel construction
- Electrofilter
- SCR- Emissions System
- Sulfur Emissions System
- Chimney
- Transformer 1 (60 MVA / 125 KV - 10,5 KV)
- Transformer 2 (5,5 MVA / 10 KV - 6 KV)
- Transformer 3 (5,5 MVA / 26 KV - 6 KV)
- Electrical Boxes
- PLC
- Auxiliaries
- Condenser
- Condenser System
- Coal Mills
- Coal Transportation System

Price: **22.386.000,- Mio. EUR Turnkey / subject to prior sale**
already installed and reerection on the new location
